CONICCO200 - CONICCO200 (CONICCO)

Name:

DISPENSER BOX OF 200 PAIRS EARPLUGS WITH PLASTIC CORD

Colour:

Yellow

Description :

Dispenser box of 200 pairs disposable polyurethane earplugs with plastic cord. Individual plastic bag of 2 earplugs.

Materials:

Polyurethane foam

Strong points:

- Moulded and smooth surface
- Polyurethane does not contain PVC
- Anallergique
- Ergonomic form which is adapted to all the types of auditory canal
- Anatomic, modelable and adaptable of itself
- Smooth, the impurities does not adhere to it
- Light: less than 1 gr. the pair

Instructions for use:

These ear plugs must be worn at all times in noisy environments (atmospheres greater than 80 dB) and must be chosen according to their attenuation factors in relation to the ambient noise to be reduced (see performances). Ensure that they are correctly fitted, adjusted, maintained and inspected in accordance with these instructions. If these instructions are not complied with, the protection provided by the ear plugs will be considerably reduced.

ADJUSTMENTS :

Ensure that the ear plugs are correctly inserted, adjusted and worm according to the instructions below. The following manipulations must always be carried out with clean hands:

Roll the ear plug between your fingers to obtain a very thin cylinder. Pull down on the ear lobe to open the ear canal and insert the plug using a slight rotating motion. Maintain for a few seconds and allow the plug to recover its shape within the ear canal.

SOUND ATTENUATION

Frequency (Hz)	125	250	500	1000	2000	4000	8000
Mean Attenuation (dB)	38.1	37.9	39.6	37.7	37.3	48.4	45.9
Standard Deviation (dB)	4.9	6.3	6.5	4.2	3.5	5.1	4.5
Assumed Protection (dB)	33.2	31.6	33.1	33.5	33.8	43.3	41.4

H = 36 dB / M = 34 dB / L = 33 dB / SNR = 37 dB

CONICCO200 - CONICCO200 (CONICCO)

Limits to use:

Do not use earplugs out of their usage specifications defined in the instructions above. In the presence of background noise (less than 80 dB), check that the ear plugs attenuate correctly without allowing noise through, otherwise, reposition them. Wear the ear plugs for as long as the exposure to the noise persists. To remove them, follow the same procedure as for insertion. Caution ? removing the plugs too rapidly may damage the ear drum.

Contact with the skin may cause allergic reactions in sensitive persons. In this case, leave the area of risk, remove the ear plugs and consult a doctor. Some chemical substances may have a harmful effect on these products. For more information, please consult us. Keep out of reach of children as small parts may be easily swallowed.

Instructions for storage:

Ear plugs should be stored in a cool, dry environment, out of frost and light and protected from dust, grease or chemical products. When not in use, the ear plugs should be kept in their original packaging. The condition of the ear plugs should be checked regularly.

Instructions for cleaning / maintenance:

No specific maintenance for this item. Unique use

Performances :

This earplug complies with the European Directive 89/686, notably regarding ergonomics, innocuousness, and comfort, and with EN352.2:2002 (H=36dB, M=34dB, L=33dB, SNR=37dB) standard.
